

Home Features for 10336 SE Crescent Ridge Loop

This is a wood lover's dream home with every custom wood feature imagined!

Seller had this home custom built in 2003 by Street of Dreams builder, Gregory Heinze.

Sits high on the hill in the lovely gated Altamont community with panoramic views.

Brand new exterior paint, three year old roof and Leaf Guard gutters.

Gas plumbed barbeque on a stamped concrete wrap around patio.

A three car garage with tons of built-in cabinetry and storage.

Central Air and central heat with two heating and cooling systems with electro-static filters.

Wired surround sound inside and out for your enjoyment.

Spacious laundry room, deep sink and birds eye maple cabinets.

Owned security system, professionally landscaped grounds, soothing water feature near the inviting front door.

Ten foot cherry doors throughout the house

In the kitchen, enjoy the instant hot water and pot filler, Wolf Gas stove with an electric double oven, a Sub-Zero side by side refrigerator and Bosch dishwasher.

Kitchen also has a skylight, recess lighting, cherry cabinets, granite counters, tile back splash and under and above cabinet lighting. Spacious nook area and built-in desk.

Dining room and great room entertain an open concept with huge windows, a gas fireplace, a wall to wall figured cherry built-in with shelving and cabinets and decorated glass and new carpet.

Custom Hunter-Douglas blinds with remote controls in the great room and office/den.

French doors open to the light filled office with custom redwood burl cabinets and shelves.

Slate floor entry and nice white oak floors in hallway, kitchen and dining room.

From the master bedroom with new wall to wall carpet there is a private hot tub enclosed in cedar and additional doors out to the patio and side yard.

A double door entry into master bath with amboyna burl cabinets, gorgeous marble slab counter and marble tiles surround the soaker tub, heated floors and an amazing glass surround shower.

Off the master bath is the large walk in closet made of bubinga wood with built-in dresser and abundant shelving and space.

Lower level family room hosts an additional gas fireplace, mini bar, mini refrigerator and additional built-in rose wood cabinetry.

Walk out to additional covered wood deck for pleasure for incredible views.

The two lower level bedrooms are spacious and have darkening blinds.

Second full bath with two sinks for your convenience.

The lower level bonus room downstairs is huge and could be a potential 4th bedroom or other desired room.

Built-in central vacuum system and sprinkler system.

A one of a kind beautiful custom crafted home with true pride of ownership.
